INFORMATION CIRCULAR

Dated as of October 31, 2007

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Western Canadian Coal Corp. (the "Company") for use at the Annual General Meeting (the "Meeting") of the shareholders of the Company to be held on Wednesday, December 5, 2007 and any adjournment thereof, at the time and place and for the purposes set forth in the accompanying Notice of Meeting. The solicitation will be made primarily by mail. Proxies may also be solicited personally or by telephone by regular employees of the Company. All costs of solicitation by management will be borne by the Company.

VOTING BY PROXIES

The form of proxy accompanying this Information Circular confers discretionary authority upon the proxy nominee with respect to any amendments or variations to matters identified in the Notice of Meeting and any other matters that may properly come before the Meeting. As at the date of this Information Circular, management is not aware of any such amendments or variations, or of other matters to be presented for action at the Meeting.

If the instructions in a proxy given to management are certain, the common shares represented by proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any poll as specified in the proxy with respect to the matter to be acted on. **If a choice is not so specified with respect to any such matter, the common shares represented by a proxy given to management are intended to be voted in favour of the resolutions referred to in the form of proxy accompanying this Information Circular and for the election of the nominees of management for Directors and for the appointment of the Auditors. A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for him or her and on his or her behalf at the Meeting other than the persons designated in the form of proxy and may exercise such right by inserting the name in full of the desired person in the blank space provided in the form of proxy and striking out the names now designated.**

A proxy will not be valid for use at the Meeting unless the completed form of proxy is deposited at the offices of Computershare at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 (Attn: Proxy Department), not later than 10:00 a.m. (local time) on Monday, December 3, 2007, or if the Meeting is adjourned, not later than 48 hours (excluding Saturdays and holidays) before the time for holding the adjourned meeting. The chairman of the Meeting has the discretion to accept proxies that are deposited after that time.

REVOCABILITY OF PROXIES

A shareholder executing the enclosed form of proxy has the power to revoke it by instrument in writing executed by the shareholder or his or her attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation. To be valid, an instrument of revocation must be received at the registered office of the Company by fax (604) 669-1620, by mail or by hand at 1600 – 925 West Georgia Street, Vancouver, British Columbia, V6C 3L2 at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof, or delivered to the chairman of the Meeting on the day fixed for the Meeting or any adjournment thereof by not later than the time fixed for commencement of such Meeting or such adjourned Meeting.

VOTING OF SHARES BENEFICIALLY OWNED BY UNREGISTERED (“BENEFICIAL”) SHAREHOLDERS

The information set out in this section is important to many shareholders as a substantial number of shareholders do not hold their common shares in their own name.

This Information Circular and the accompanying materials are being sent to registered shareholders and unregistered shareholders, that is shareholders who hold common shares through a broker, agent, nominee or other intermediary (collectively, called “Beneficial Shareholders”). Beneficial Shareholders should note that only proxies deposited by shareholders whose names appear on the share register of the Company will be recognized and acted upon at the Meeting. If common shares are shown on an account statement that a broker or other intermediary provides to a Beneficial Shareholder, then in almost all cases the name of the Beneficial Shareholder will not appear on the share register of the Company. Such common shares will most likely be registered in the name of the broker or an agent of the broker. In Canada, the vast majority of such common shares will be registered in the name of “CDS & Co.”, the registration name of The Canadian Depository for Securities Limited, which acts as a nominee for many brokerage firms. Common shares held by brokers, agents or nominees may only be voted by those brokers, agents or nominees in accordance with instructions received from Beneficial Shareholders.

Additional Information for Beneficial Shareholders

Beneficial Shareholders fall into two categories: (i) those who object to their name being made known to the Company (“Objecting Beneficial Owner” or “OBO”); and (ii) those who do not object to the Company’s knowing their identity (“Non-Objecting Beneficial Owner” or “NOBO”). If you are an unregistered Beneficial Shareholder, and the Company or its agent has sent the materials for the Meeting directly to you, your name and address and the information pertaining to your shares that you beneficially hold has been obtained in accordance with the applicable securities legislation from the intermediary who holds the shares of the Company on your behalf. By choosing to send these materials directly to you, the Company has assumed responsibility for (i) delivering these materials to you; and (ii) executing the instructions that you provide by means of the voting instruction form (“VIF”).

Securities regulatory policies require brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Each broker or intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders to ensure that their common shares are voted at the Meeting.

However, as authorized by National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has engaged its registrar and transfer agent, Computershare to deliver the materials for the Meeting directly to the majority of its NOBO’s. This Information Circular and accompanying materials will be provided to the remainder of the Company’s NOBO’s by Broadridge (“Broadridge”).

In both cases, each NOBO will receive a scannable VIF to be completed and returned by mail in the envelope provided to Computershare or Broadridge, as applicable. In addition, by following the instructions provided in the VIF by Computershare or Broadridge, the NOBO will be able to provide his or her voting instructions by telephone or through the internet. In each of these cases, the voting instructions of the NOBO’s will be tabulated so that the common shares beneficially owned by the NOBO are voted at the Meeting in accordance with those instructions.

The purpose of the VIF is to provide a means for the Beneficial Shareholder to provide instructions as to how the common shares of the Beneficial Shareholder are to be voted at the Meeting on the Beneficial Shareholder’s behalf. Beneficial Shareholders should therefore carefully follow the procedures that

accompany the VIF to ensure that their common shares are to be voted at the Meeting in accordance with their instructions.

Accordingly, each Beneficial Shareholder should:

- (a) carefully review the VIF and the voting procedures provided with, or as part of, the VIF; and
- (b) provide instructions as to the voting of the Beneficial Shareholder's common shares in accordance with those procedures.

For greater certainty, Beneficial Shareholders should note that they are not entitled to use a VIF received from Computershare or Broadridge to vote common shares directly at the Meeting. Instead, the Beneficial Shareholder must complete the VIF and return it by mail to Computershare or Broadridge, or follow the alternate telephone or internet voting procedures outlined therein. The Beneficial Shareholder must complete these steps well in advance of the Meeting in order to ensure such common shares are voted.

In the alternative, by following the alternate procedures described in the VIF, the Beneficial Shareholder may attend the Meeting in person or designate another person to attend the Meeting on his or her behalf and vote the common shares of the Beneficial Shareholder. As set out in the VIF, there are two such procedures:

- (a) The Beneficial Shareholder can appoint himself or herself, or designate another individual, to attend and vote the shares by (i) entering the appropriate information under the heading "Appointee" in the VIF; or (ii) providing this information through the internet. If this is done, the Beneficial Shareholder or his or her designate will be entitled to attend the Meeting and vote in person. However, when the Beneficial Shareholder or designate arrives at the Meeting, he or she must register with the scrutineer.
- (b) If the Beneficial Shareholder enters his or her name, or that of a designate, in the "Appointee" section of the VIF, he or she need not obtain a legal proxy to attend and vote at the Meeting. However, securities legislation provides that a Beneficial Shareholder may request that a legal proxy be issued to enable the Beneficial Shareholder or designate to attend and vote at the Meeting. A Beneficial Shareholder who wishes to utilize this alternative should (i) enter his or her name or that of a designate in the "Appointee" section of the VIF; and (ii) check the appropriate box on the VIF. A legal proxy that will then be issued will entitle the Beneficial Shareholder or designate to attend the Meeting and vote. **However, for this procedure to be effective, the proxy must be submitted in accordance with the requirements applicable to proxies, including the deadline for receipt of proxies, set out in this Information Circular.**

Beneficial Shareholders who have questions or concerns regarding any of these procedures may also contact their broker, agent, nominee or other intermediary. It is recommended that inquiries of this kind be made well in advance of the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

As at October 29, 2007, there were 115,991,240 outstanding fully paid and non-assessable common shares without par value in the capital of the Company that are entitled to be voted at the Meeting. Holders of the outstanding common shares whose names are entered on the register of shareholders of the Company at the close of business on October 29, 2007, which is the record date, will be entitled to attend

in person or appoint a proxy nominee to attend the Meeting and such person will be entitled to vote on a show of hands and, on a poll, will be entitled to one vote for each common share held on that date.

To the knowledge of the Directors and senior officers of the Company, and based upon the Company's review of the records maintained by Computershare, electronic filings with the System for Electronic Document Analysis and Retrieval (SEDAR) and insider reports filed with System for Electronic Disclosure by Insiders (SEDI) as at October 26, 2007 only the following shareholder beneficially owned directly or indirectly or exercised control or direction over more than 10% of the outstanding common shares of the Company:

COMPOSITION OF THE COMPENSATION COMMITTEE

The Compensation Committee, on behalf of the Board of Directors of the Company, monitors compensation of the executive officers of the Company. Each of Messrs. Pitcher, Chase and Brodie were members of the Compensation Committee during the year ended March 31, 2007. The Compensation Committee periodically reviews the compensation paid to Directors and management based on such factors as time commitment, comparative fees paid by similar companies in the industry and the level of responsibility.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for the review and assessment of compensation arrangements for management of the Company and is authorized to approve terms of employment, salaries, bonuses, option grants and other incentive arrangements for executive officers of the Company, and, where appropriate, any severance arrangements. The Committee works in conjunction with the President & Chief Executive Officer on the review and assessment of the senior management complement of the Company.

The Committee periodically reviews the management development and succession program established by management of the Company and the organizational structure for management of the Company's operations. The Committee also periodically reviews the adequacy and competitiveness of compensation for the various management levels in the Company to ensure that they are equitable and competitive. The Committee consults from time to time with the Nominations and Corporate Governance Committees on recommendations for compensation of Directors.

The Committee reports to the Board of Directors of the Company on its functions and on the results of its reviews and any recommendations.

The policy underlying the Company's compensation of its executive officers and other senior management is to provide remuneration and incentive arrangements competitive with that paid by mining industry counterparts. In addition, the Committee's policy is to encourage support for the Company's business goals, to reward superior performance by the Company as a whole, by its various operating divisions and by the individual members of management through an incentive bonus plan. Compensation for executive officers is comprised primarily of salary, supplemented by bonus as disclosed under "Statement of Executive Compensation".

In determining the compensation bases and the appropriate combination of salary, bonus and other incentives, the Committee has from time to time relied upon the advice of outside consultants. Such advice has included the relative competitiveness of the Company's remuneration levels and, with respect to stock option grants, the appropriate value to attribute to such grants and the appropriate levels of option grants for various members of management. The Committee also consults with and considers the recommendations of the President & Chief Executive Officer of the Company.

The Company has a group registered retirement savings plan which is available to all employees upon commencement of employment. Under this plan, for all employees in pay grade levels below grade 14, the Company matches the employee's contribution based upon the length of service to the Company up to a maximum of 6% of their base salary or a maximum annual contribution of 50% of the allowable limit by the Canada Revenue Agency. For the Named Executive Officers and employees in pay grade levels 14 and higher, the plan provides that the Company will contribute an amount equivalent to 8% of their base salary to either the group registered retirement savings plan or for any portion of the Company's contribution which is in excess of the contribution limit specified by the employee, to a self-directed investment account maintained with the Standard Life Insurance Company for investment as directed by the employee. The Named Executive Officers and employees in pay grade levels higher than level 14 may also make voluntary contributions to the group registered retirement savings plan.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Since the beginning of the last completed financial year of the Company, no Director, executive officer, employee, proposed nominee for Director or any associate or affiliate of any of them or any former executive officer, Director or employee of the Company has been indebted to the Company for other than routine indebtedness.

INTEREST OF INFORMED PERSONS AND MATERIAL TRANSACTIONS

None of the informed persons of the Company, nor any proposed nominee for election as a Director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, in any transactions since the commencement of the Company's last completed financial year, or in any proposed transaction which, in either case, has or will materially affect the Company, except as disclosed herein.

Applicable securities legislation defines "informed person" to mean any of the following: (a) a director or executive officer of a reporting issuer; (b) a director or officer of a person or company that is itself an

informed person or subsidiary of a reporting issuer; (c) any person or company who beneficially owns, directly or indirectly, voting securities of a reporting issuer or who exercises control or direction over voting securities of a reporting issuer or a combination of both carrying more than 10 percent of the voting rights attached to all outstanding voting securities of the reporting issuer other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) a reporting issuer that has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

CORPORATE GOVERNANCE PRACTICES

The Board of Directors is committed to ensuring that the Company identifies and implements effective corporate governance practices. National Policy 58-201, *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in view of these guidelines. In most cases, the Company's practices comply with the guidelines, however, the Board of Directors considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. The Board will continue to review with management the corporate governance practices of the Company to ensure that they are sound practices for effective and efficient decision making.

In accordance with National Instrument 58-101, *Disclosure of Corporate Governance Practices*, the Company is required to disclose, on an annual basis, its approach to corporate governance. The following is a description of the Company's approach to corporate governance.

Board of Directors

The Board considers its composition and size on an ongoing basis. Directors are recruited from time to time with a view to achieving and maintaining a majority of independent directors while at the same time maintaining an adequate level of industry representation and complementary experience in the coal industry and other businesses. The Board of Directors considers that three of the six current Directors are independent in accordance with the definition of "independence" set out in Multilateral Instrument 52-110, *Audit Committees*.

The three current Directors considered independent are John R. Brodie, Robert F. Chase and Charles Pitcher. See "Election of Directors".

John Hogg, as an executive officer of the Company, is not considered to be independent. Charles Pitcher, who was an executive officer of the Company until late 2004, is now considered to be independent. John Byrne, Chairman of the Board, as Executive Chairman of Cambrian and its wholly-owned subsidiary Deepgreen, which together own 41.7 % of the outstanding common shares of the Company, is not considered to be independent. Mr. John Conlon as a director of Cambrian Mining plc is also not considered an independent. The Board does not have a "lead director".

To facilitate its exercise of independent judgement in carrying out its responsibilities, the Board has provided for its Audit Committee and its Nomination Committee to be composed solely of independent directors and its Compensation Committee to be composed of a majority of independent directors.

The independent directors have not to date held regularly scheduled meetings at which non-independent directors and members of management are not in attendance. The Board, however, did meet without members of management in attendance at two Board meetings in the most recently completed financial year. The Audit Committee meets at least quarterly without management in attendance.

While the Board believes it is important, at times, to meet without members of management present, there is no indication that open and candid discussion among independent directors is inhibited by the presence of non-independent directors and the Board believes their exclusion from regularly scheduled meetings is not needed in the present circumstances.

The following directors are currently directors (or trustees) of the other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name of Director	Reporting Issuer
John R. Brodie	Far West Mining Inc.; Rubicon Minerals Corporation; Silver Standard Resources Inc.; Ag Growth Income Fund; and Pacific Safety Products

A copy of the Mandate of the Board of Directors is attached as Appendix A.

The Board has developed written position descriptions for the Chairman of the Board and the chair of each committee of the Board. The responsibilities of the Chairman of the Board include providing leadership to the Board in the effective execution of Board responsibilities and acting as a liaison between the Board and management.

A written position description has also been developed for the President & Chief Executive Officer. The responsibilities of the President & Chief Executive Officer include managing the Company and its operations in accordance with the Company's strategic, business and operational plans as approved by the Board and serving as a primary spokesperson for the Company to promote positive relationships with shareholders and customers.

Orientation and Continuing Education

The Board provides all new directors with a formal letter of appointment setting out what is expected of them in terms of time commitment, committee service and involvement outside Board meetings. The Board, through management, provides comprehensive information on the Company to all directors, including copies of the Company's key policies, codes and mandates, and access to its various operations as may be required to understand the nature and operation of the Company's business. External continuing education opportunities are encouraged and brought to the attention of directors. As well, management briefings on the Company's operations, business and key issues are provided on an ongoing basis.

Ethical Business Conduct

The Board has recently adopted a written Code of Business Conduct and Ethics for the Company's directors, officers and employees. A copy of the Code has been filed on and is available through SEDAR at www.sedar.com or may be obtained upon request from the Secretary of the Company, Suite 900 – 580 Hornby Street, Vancouver, British Columbia, V6C 3B6. All Company personnel are encouraged to report violations of the Code in accordance with the procedures set forth in the Code.

As required under the *Business Corporations Act* of British Columbia and the Company's Articles:

- €# A director or executive officer who holds any office or possesses any property, right or interest that could result, directly or indirectly, in the creation of a duty or interest that materially conflicts with that individual's duty or interest as a director or executive officer of the Company, must promptly disclose the nature and extent of that conflict.

- €# A director who holds a disclosable interest (as that term is used in the *Business Corporations Act*) in a contract or transaction into which the Company has entered or proposes to enter may not vote on any directors' resolution to approve the contract or transaction.

Generally, as a matter of practice, directors or executive officers who have disclosed a material interest in any transaction or agreement that the Board is considering do not take part in any Board discussion respecting that contract or transaction. If on occasion such directors do participate in the discussions, they abstain from voting on any matters relating to matters in which they have disclosed a material interest.

The Company also established in 2005 a whistleblower policy which governs the process through which employees and others, either directly or anonymously, can notify the Audit Committee of concerns regarding questionable accounting or auditing matters. In addition, this policy establishes a mechanism by which employees and others can raise their concerns free of any discrimination, retaliation or

harassment and the Company may respond to and keep records of, complaints from employees and others regarding such potential violations or concerns.

Nomination of Directors

The Nomination Committee, which is composed entirely of independent directors, is responsible for identifying and nominating for the approval of the Board, candidates to fill Board vacancies as and when they arise. Prior to making a nomination, the Nomination Committee considers the balance of skills, knowledge and experience on the Board and, in light of this prepares a description of the role and capabilities required for a particular appointment. Taking this into account, the Nomination Committee identifies suitable candidates by considering candidates from a wide range of backgrounds based on merit and against objective criteria and taking care that appointees have enough time to devote to the position. The Nomination Committee may use open advertising or the services of external advisers to facilitate their search.

The Nomination Committee also regularly reviews the structure, size and composition required of the Board compared to its current position and makes recommendations to the Board with regard to any changes. The Nomination Committee gives consideration to succession planning for directors and other senior executives in the course of its work. The Nomination Committee also annually assesses directors and makes recommendations to the Board concerning the re-election of any director at the conclusion of their specified term of office and the continuation in office of any director, having due regard to their performance and ability to continue to contribute to the Board. The Nomination Committee also recommends to the Board individual directors to serve as members or chairs of the Audit and Compensation committees and any other committees established by the Board from time to time. The Nomination Committee ensures that new directors are formally advised as to what is expected of them and makes recommendations respecting orientation of new Board members and ongoing education of all Board members.

The Chairman of the Nomination Committee is appointed by the Board. The Nomination Committee meets as determined by the Chairman, with at least 2 meetings per year being required. The Nomination Committee is authorized to seek any information it requires from any employee of the Company and to obtain, at the Company's expense, outside professional advice in order to perform its duties.

Compensation

The Board has appointed a Compensation Committee with responsibility for determining the compensation of officers within the terms of the framework or broad policy determined and agreed with the Board for that purpose. The Compensation Committee reports formally to the Board making recommendations on individual officer compensation to the Board for its approval.

On an ongoing basis, the Board in consultation with the Compensation Committee considers the adequacy and form of director compensation taking into account the responsibilities and risks involved in being a director. In determining the appropriate level of compensation, the Board considers the types and amounts of compensation paid to directors of comparable public companies.

The terms of reference provide for the Compensation Committee to be made up, as far as practicable, of independent directors. Currently, the Compensation Committee is composed of 3 members, all of whom are independent directors. To ensure an objective process for determining compensation, the Compensation Committee's terms of reference also provide that no director or officer shall be involved in any decisions as to their own compensation.

The Compensation Committee is also responsible for determining in any year the overall amount of awards, if any, to be made under any share incentive plans and individual awards to executive officers and other senior management; approving the design of, targets for, and total annual payments under any performance related pay schemes; determining policy for, and the scope of, pension arrangements for executive officers and other senior management; reviewing termination arrangements and payments; annually reviewing compensation trends across the Company; overseeing major changes in employee benefit structures; determining policy for authorizing expense claims for executive officers and other senior management; ensuring compliance with regulatory requirements respecting disclosure of compensation; and, selecting and establishing the terms of reference for any compensation consultants retained to advise the Compensation Committee and to obtain current information about compensation in other companies.

The Compensation Committee has authority to commission any reports or surveys which it deems necessary to help it fulfill its obligations. In the financial year ended March 31, 2007, Coopers Consulting Ltd. was retained and provided for comparative purposes external surveys of director compensation and employee compensation, including compensation of the chief executive officer and other officers of the Company.

The Compensation Committee meets at least twice a year and at such other times as required. The Committee is authorized to seek any information it requires from any employee of the Company and to obtain, at the Company's expense, outside professional advice in order to perform its duties.

Audit Committee

The Audit Committee, which is composed entirely of independent directors, is responsible for overseeing management's conduct of the Company's accounting and financial reporting process and systems of internal accounting and financial controls. Other Board Committees

The Corporate Governance Committee consists of John Hogg, John Byrne and Charles Pitcher. The mandate of the Corporate Governance Committee is to review and ensure the Company's ongoing compliance with the various securities and regulatory authorities that govern it, as well as ensuring that the Company continues to conduct itself in a manner appropriate for that of a public company. The Corporate Governance Committee is also responsible for the development of the Company's disclosure and insider trading policies and its code of ethics, and for overseeing or monitoring compliance with the policies and the code.

Assessments

At least once a year each of the committees of the Board reviews its own performance, constitution and terms of reference or charter to ensure it is operating effectively and recommends any changes it considers necessary to the Board for approval.

The Nomination Committee also assesses the effectiveness of the Board and its committees and individual directors and makes recommendations as appropriate.
